Membership, Communication and Social Marketing

The Membership Committee is responsible for cultivating continued and new membership with the Association. The goals of the committee include helping members be a part of a community that works to support the healthy social and emotional development of infants, toddlers and their families. Committee meetings focus on identifying strategies for expanding our membership through speaking engagements at colleges, agencies, etc., as well as providing opportunities for membership connections, either geographically or by employment field.

Committee Objectives and Activities:

- Expand membership and link up people who live in the same communities
- Increase the diversity of members (e.g., student, statewide, and groups) and connect communities of people
- Providing opportunities for membership connections specifically through the FAIMH organization website

The Committee meets a few times throughout the year. New members are always welcome. For more information and to become involved, please contact either of the committee co-chairs.

Public Policy and Legislative Advocacy

The Public Policy and Legislative Advocacy Committee's purpose is to advance the Association's participation and visibility in the policy-making process. Embedded in the Association's strategic plan is a goal to develop a niche within the infant/early childhood policy arena in Florida. The Association is comprised of so many knowledgeable and talented professionals who can provide important insight and expertise to policy makers. FAIMH is providing an organized forum through which to stay informed about and get involved in public policy and advocacy issues related to infant/early childhood mental health without having to slog through the complexity of the legislature and broader issues being addressed.

Committee Objectives and Activities:

- Monitor early childhood advocacy activities in Florida and mobilize members around relevant issues as appropriate
- Keep members abreast of infant/early childhood policy and advocacy developments and provide regular updates and action alerts
- Develop and promote opportunities for advocacy training for members through the annual conference
- Collaborate with other early childhood organizations to mobilize an early childhood mental health agenda

The Committee meets every other month by phone conference and new members are always welcome. For more information or to become involved, please contact either of the committee co-chairs.

Research and Best Practices

The Research and Best Practices Committee has constructed a research web site to provide members with research articles relevant to early childhood development and best practices. The responsibilities of this committee include:

- To review best practices in the area of infant mental health and make these available to FAMIH members through the web site
- To support continued growth of a community of professionals who can provide services, training, and consultation around best practice topic areas in infant mental health
- To identify, review, and disseminate information regarding research related to the mental health of young children and their families through the web site and professional presentation
- To establish links to and communication with researchers and scholars in the field of infant mental health at universities, colleges, and other academic or research entities

The committee meets every other month by e-mail or phone conferencing and new members are always welcome. To get involved or request more information, please contact of the committee chair.

Funding/Sustainability

The primary goal of this committee is to secure reimbursement for IMH treatment services being provided to children and families in Florida, to include DC: 0-3R axis I and II diagnosis.

Committee Objectives and Activities:

- Committee members will review/discuss all known existing funding options for IMH services
- Committee members will outline existing funding mechanisms for IMH treatment services being used by Florida region/district/community/chapter reps
 - a. A funding survey will be developed and distributed for completion by March 20, 2009
- Committee members will distribute information on existing reimbursement strategies being utilized to Florida region/district/community/chapter reps
- With assistance from Chapters, Committee members will identify funding sources not being utilized/maximized for IMH service reimbursement
- The Committee will assist in facilitating action plans to maximize funding not currently being utilized

The Committee meets every other month by phone conference and new members are always welcome. For more information or to become involved, please contact the committee chair.
